ELECTRIC FANS TO SAVE FOWLS.
Ducks Quack for Joy When Running Water is Sprayed Over Them.
(DIRECT WIRE—EXCLUSIVE DISPATCH.)
CALIFORNIA (Mo.) Aug. 17.—The birds on the poultry plant here are real high-fliers. They have one convenience that no monarch could have enjoyed fifty years ago. That convenience is electric fans. The fans and running water have been installed in the large feeding station of the plant. Under the spray of a fountain in the feeding station is the favorite haunt of the ducks and geese. The management has found the fans and water of economic value, as it saves the lives of many fowls and makes them fatten faster in the hot weather.

CIVILIANS FLOCK TO TAMES STANDARD.
(BY A. P. NIGHT WIRE.)
EL PASO (Tex.) Aug. 17.—Marino Tames, who with a number of members of the garrison and civilians, left Juarez recently with the announced intention of joining Villa, has brought back to El Paso 300 men under his standard and is encamped about five miles south of the frontier, according to confirmed reports reaching here tonight. Tames, according to the reports, is making no attempt to conceal his knowledge of his whereabouts. Gen. Francisco G. Gomez, commander of the army of Northern Chihuahua, who returned today from Chihuahua City, detailed his brother, Col. J. Gonzalez, with about 500 men, to investigate the report.

MEXICO. Gen. Carranza will issue a decree stating under what circumstances property will be restored to their owners in Mexico.
FOREIGN. The Chinese have issued a statement explaining the recent clash with the Japanese.
THE GREAT WAR. The Situation today: Six German attacks repulsed by the British on the Western front. French and British attacks in Galicia described by Berlin.
COMMENT ON THE SITUATION. Yesterday was the dullist day of the whole two years of the war in Europe. If the silence were the golden token of forthcoming peace, probably everybody would be happy, or ought to be. London professors to be mystified by the conduct of the Russians—or the lack of conduct. The Italians are said to be preparing for another lunge at the Austrians. On the western front the engagements reported appear to have been of a desultory character.
CARRANZA WILL SOON issue a decree to straighten out the real estate muddle caused by the confiscation of property in Mexico. In a decree already issued Carranza reserves the right to renounce all treaty rights before acquiring property in Mexico. If all other nations follow suit the day of the diplomat is over.

UNDER A BRYAN TREATY.
(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 17.—Andrew D. White, former president of Cornell, has been selected the American commissioner under the Bryan peace treaty with China. V. K. Wellington Koo, Chinese Minister here, is the Chinese representative, and the Premier of Sweden the neutral member.

WILLARD'S VIEW.
Asked whether the managers would be backed up in their declaration that the railroad strike was a labor dispute, Mr. Willard said: "I am not a lawyer, but I am a man of common sense. I think it is a mistake to jump at the wrong conclusion that all are in a state of confusion. It is a mistake to jump at the wrong conclusion that all are in a state of confusion. It is a mistake to jump at the wrong conclusion that all are in a state of confusion."

GERMANY'S U-BOAT WAR IS NOW IN FULL SWING.
(BY ATLANTIC CABLE AND A. P.)
PARIS, Aug. 17.—Germany's submarine warfare against merchant ships is again in full swing, according to the naval expert of the Temps.
The Temps declares that this new submarine campaign follows the German note to the United States of February 10, in which it was said: "Merchant ships carrying guns cannot be considered as peaceful ships."
According to the Temps the Germans now are acting under this note and says that three days ago the Italian ship Plata repulsed with gunfire attacks of an enemy submarine. The article concludes with an emphatic declaration that a similar course will be followed by other commanders of allied merchant ships.

BRITISH STEAMER SUNK.
(BY ATLANTIC CABLE AND A. P.)
LONDON, Aug. 17.—The British steamer Whitgift, previously reported missing, now understood to have been torpedoed and sunk April 26, says Lloyd's. The sole survivor was a Japanese.
The Whitgift sailed from Almeria, Spain, April 12 for the Tyne and was last reported as leaving Gibraltar April 13. She was a vessel of 4,297 tons and was owned in London.
GERMAN SHIP DESTROYED.
(BY ATLANTIC CABLE AND A. P.)
LONDON, Aug. 17, 2:10 p.m.—The sinking of the German steamship Weser of Hamburg, 1025 tons gross, by a submarine a fortnight ago is reported in an Exchange Telegraph dispatch from Copenhagen. The crew was saved.

KILLS HUSBAND ON STREET.
(BY A. P. NIGHT WIRE.)
MOUNT CLEMENS (Mich.) Aug. 17.—Roy Pettit, 35 years of age, was shot and killed by his wife on a downtown street today. Pettit was night clerk at a hotel. Mrs. Pettit declared she killed her husband because "he sought the company of others too much."

MANAGERS ADAMANT.

Wilson Appeals to the Presidents.

Will Go to Wall Street if Necessary to Prevent Trainmen Strike.

Conference Stage of National Menace May Last for a Week or More.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 17.—President Wilson today laid his plan for averting the threatened railway strike before the employees committee of 648, and, having found the managers committee adamant to his proposal that he appeal to the railroad presidents and asked them to come to the White House for a conference.

The conference tonight between the railroad presidents and the managers committee developed further indications that the managers were to be backed up by their chiefs in the attitude they had adopted toward the President's proposals.

"We have gone over the situation thoroughly," said one of the presidents as he left the conference, "and we agree thoroughly in every particular with what the committee has done."

There is every indication that if the railroad presidents sustain their managers President Wilson will appeal finally to the financial powers which control the roads, for it is his purpose to use the ultimate authority before he gives up his effort.

WILSON'S PLAN.
The President's plan, which is expected to be formally accepted by the employees' committee at a meeting at 9 o'clock tomorrow morning, proposes:

An eight-hour day as the basis for computing wages.
Regular pay at the eight-hour-day rate for overtime.
To refer all collateral issues to a small commission to be created by Congress, on which the employees and the railroad and the public would be represented.

A FORECAST.
Acceptance of the proposal by the employees was forecast by expressions of their leaders after they left the President's conference. One of them declared:

"The men would be fools not to accept it."
The attitude of the railroad presidents is not so clear. They began arriving tonight. All are expected to be here tomorrow. No one can say what will be the effect of an appeal such as a President of the United States, speaking in the name of the welfare of a nation, can make. But from such information as the railroad presidents, if the managers' committee understands them, are unalterably opposed to conceding the eight-hour day or anything else out of hand, but are ready to arbitrate anything and everything in almost any form of arbitration upon which the employees and the committee may agree.

PRINCIPLE OF ARBITRATION.
The railroad presidents, it is understood, justify their stand upon the situation on the principle of arbitration. The principle of arbitration, they say, is that in this instance, they intend to tell the President, will be deposed as a factor in the settlement of industrial disputes.

If the railroad presidents persist in that view and Congress pay no more real attention to the crisis today and there were many indications of intervention to prevent a national wide strike.

DON'T CHAIN OUR INDUSTRY.

Message from a New Englander to President Wilson.

(BY A. P. DAY WIRE.)
WORCESTER (Mass.) Aug. 17.—Jerome G. George, president of the Worcester branch of the National Metal Trades Association, sent the following telegram to President Wilson on behalf of the Worcester branch: "New England industries should be kept from monopoly of capital or labor. If it is true that you are asking the transportation industries to grant the eight-hour day or other expensive demands, are you not establishing a precedent which will eventually put all industries, public and private, into the hands of irresponsible labor organizations and discredit arbitration as a means of settling disputes?"

SIGHT BIG U-BOAT OFF GRAND BANKS.

VESSEL BELIEVED TO BE MERCHANT SUBMARINE.

Members of Crew of Warren Liner Report Ship, at First Thought Disabled Craft, Submerged Soon After Being Sighted by Passengers.

(BY A. P. NIGHT WIRE.)
BOSTON, Aug. 17.—The sighting of a large submarine, believed to be the German merchant submarine Deutschland, off the Grand Banks Saturday, was reported by members of the crew of the Warren liner. In the night from Lapalisse, France, and Liverpool. The submarine was traveling in a northeasterly direction at moderate speed.

Soon after the submarine was sighted, the Sachem's officers believing at first that she was a disabled vessel, a few minutes later the submarine submerged and was not seen again.

The quartermaster said that on her second day out from France the Sachem was pursued for eight hours by two submarines, believed to be German. The Sachem, making eighteen knots an hour, succeeded in keeping out of danger.

The pursuit was according to the quartermaster, when British patrol boats appeared and fired several shots at the submarine, with what result it is not known.

SMELL-TORN SUBMARINE.
(BY A. P. NIGHT WIRE.)
NEW YORK, Aug. 17.—Passengers on the Cunarder Albatross, which arrived here today from London, told of being held in port at Deal while the submarine, believed to be German, was sighted outside, and later of seeing a damaged British destroyer enter, followed by a British cruiser against whose freedom of movement a stern German submarine appeared to be one of the large class recently had been completely disabled.

OFFENSIVE.
The attitude of the railroad presidents is not so clear. They began arriving tonight. All are expected to be here tomorrow. No one can say what will be the effect of an appeal such as a President of the United States, speaking in the name of the welfare of a nation, can make. But from such information as the railroad presidents, if the managers' committee understands them, are unalterably opposed to conceding the eight-hour day or anything else out of hand, but are ready to arbitrate anything and everything in almost any form of arbitration upon which the employees and the committee may agree.

TARIFF, NATIONAL HONOR MAIN TOPICS OF HUGHES.

Republican Candidate Southbound Delivers Four Addresses from Rear Platform of Car, and Summarizes His Stand on Preparedness and Protection of American Rights—Speaks Tonight in San Francisco.

(BY A. P. NIGHT WIRE.)
MEDFORD (Or.) Aug. 17.—Charles E. Hughes, southbound on his thirty-five hour ride from Portland to San Francisco, talked of the tariff and the national honor today to crowds which assembled at stations along the way. From the rear platform of his car, the nominee made four addresses, at Riddle, Roseburg, Grant's Pass and here. In each he also summarized his stand on preparedness, protection of American rights and industrial co-operation.

At Riddle, Mr. Hughes declared that "a depreciation in American reputation" due to "a policy of vacillation" had brought the country nearer to war than it would have had "a firm and consistent policy" been maintained.

"Those who think we are decadent and weak and haven't got the old indomitable spirit are 'very much mistaken,'" he said.

DEFINES AMERICANISM.
In his address at Grant's Pass, Mr. Hughes defined "dominant Americanism" as follows:

"We must have a good drive ahead; and there is no reason why in this country, with its ability and natural resources we should not have permanent prosperity. To do that we must look after our own. That is what I mean by dominant Americanism—able to take care of American interests."

Same Old Cleveland Trick to Cover Expenses Incurred in Mexico.

Two Hundred Million Dollars May be Needed Before They are Done.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 17.—A bond issue of \$120,000,000 to meet extraordinary government expenditures due to the Mexican situation was unexpectedly recommended to Congress tonight by majority members of the Senate Finance Committee with the concurrence of the Treasury Department.

The bond issue is urged in the report of the Finance Committee Democrats, filed in the Senate today, on the \$205,000,000 revenue bill. In addition to the proposed issue and the revenue bill the Finance Committee asserts that further appropriation of \$25,000,000 will be necessary to defray the expense of operations in the Mexican emergency if conditions on the border continue as they are now after December 31, 1916.

The \$120,000,000 to be provided by the proposed bond issue, the report says, will meet expenditures caused by the Mexican situation only until the end of this calendar year.

Accompanying the Finance Committee majority report, submitted by Senator Simmons, is a general statement from the Treasury Department estimating disbursements for the fiscal year 1917 at \$1,124,000,000, and receipts \$742,000,000.

EXCESS APPROPRIATIONS.
The total appropriations for the fiscal year 1917, exclusive of those carried in the so-called shipping bill, which is to be defrayed by the issuance of Panama bonds, will exceed the appropriations for the fiscal year 1916 by about \$449,000,000, says the report.

The report principally by \$187,000,000 additional appropriation for the navy, \$165,000,000 additional appropriation for the army, \$11,000,000 for deficiency appropriations, \$11,000,000 for the Mexican situation, and increased requirements of the army and navy—\$25,000,000 for a military plant, which is a preparedness appropriation. The increase in the appropriations for the fiscal year, other than the preparedness appropriations, is not beyond the normal increase.

"But for the additional expenditures made necessary to defray the cost of preparedness, the increased revenue to be raised by this bill would not be necessary for the estimated receipts under the present law would be considerably in excess of the estimated disbursements for the fiscal year 1917."

THE DISBURSEMENTS.
In a statement furnished your committee August 17, 1916, the Treasury Department estimated disbursements for the fiscal year 1917 at \$1,124,000,000, making the excess of disbursements over receipts \$254,241,000. In total receipts for 1917 at \$742,000,000, making the excess of disbursements over receipts \$254,241,000. The excess of disbursements over receipts for the six months ending December 31, 1916, shows this condition exist beyond that time a further appropriation of \$18,000,000 will be necessary.

In the opinion of your committee, this latter sum, namely \$18,000,000, should be financed by a bond issue. This would simply be a loan, not only the custom of the country, but of all other nations under similar circumstances. Deducting this amount from the estimated disbursements over receipts, the additional revenue required for the year 1917 would amount to \$236,241,000. It is estimated that the bill, as amended by your committee, will raise \$205,000,000, leaving a balance of \$31,241,000 to be taken from the general fund of the treasury, which amounted on the 16th inst. excluding credits of disbursing officers, to \$134,337,895. Your committee is advised by the Treasury Department that it is safe to estimate that this amount can be taken from the general fund without seriously embarrassing the treasury."

ANALYSIS OF BILL.
In its analysis of the revenue bill as revised by the Senate committee the Treasury Department estimates that the annual revenue to be derived will be: From income tax, \$109,500,000; inheritance tax, \$20,000,000 for 1917 (after law is in full force approximately \$45,000,000); munitions manufacture tax, \$40,000,000; miscellaneous, including beer, liquor, stamp taxes, etc., \$25,500,000, a total of \$295,000,000.

Councilmen Hear Chamber of Utilities Plan.

Favor Lower Water Rates for Industrial Uses.

Public Service Committee to Discuss Request.

Members of the City Council indicated yesterday, when sympathetically receiving the Chamber of Commerce resolution in favor of lower rates on public utilities for industrial purposes, that they will be glad to do what they can to achieve the end sought, to create conditions here for one of the most prosperous industrial centers of the nation.

"The idea is a most excellent one," said Councilman Wright. "The chief thing they have in mind is a reduction of water rates. I recall the ruling of the City Attorney, under the charter, we cannot do anything until next February."

President Beckwith said it would mean an entire survey of the financial resources of the water department. "The Southern Pacific is the largest consumer of water," he added. "If we should fix a quantity rate on a sliding scale, which would be the only way to benefit factories and industries, the railway company would come in for the most important benefit. The company does not object to the rate now, it is paying a lower water rate in this city than in San Francisco and Oakland."

"Less than half as compared with San Francisco," added Councilman Wheeler.

Councilman Topham said the railroad company was not a manufacturer, but a user of water.

"I don't know whether you could discriminate," said President Beckwith, and Councilman Wright said: "I think a rate scale should be arranged which would give a preferential rate for factories and industries."

The matter was referred to the Public Service Committee, of which President Beckwith is chairman, the other members being Councilmen Wheeler and Roberts.

Prosecution and Defense Lay Claim to Advantages in Preliminary Hearing of Banker Who is Accused of Obtaining Money Falsely.

The prosecution in the case of A. M. Goodhue, banker and claimant, accused of obtaining from Miss Virginia Cronk \$2500 under false pretenses, claim to have won an important point yesterday in the preliminary examination before Justice Summerfield, when a commercial agency, through its representative, testified that Mr. Goodhue had not been given a rating.

Mr. Goodhue was a point when it was shown by testimony that the formula owned by the Ornamella Bussell Company was worth more than \$100,000. These two points bear on the case.

The evidence of Miss Cronk, supported by her mother, Mrs. Elizabeth V. Cronk, and her sister, Mrs. Ruth Cronk Leighton, was to the effect that Mr. Goodhue, an old friend, in obtaining from all three approximately \$1000, represented he, was rated in Dyer's and Bradstreet's at about \$150,000, that they gave him their checks and received promises in return that he would pay them, which he failed to do.

The hearing was not concluded yesterday and will be resumed in argument this morning.

OLD SALT LEARNS NEW SHIP RULES.

LESSON GAINED AT COST OF A BROKEN NOSE.

Arriving at San Francisco from China, in impedance to reach Los Angeles, the Steamer *San Diego*, under the command of Captain H. W. Foster, was yesterday in the harbor.

There is a rule on Pacific Navigation Company steamers that passengers are not allowed on board until a reasonable time before sailing. Cotton wanted to go aboard earlier. He succeeded in getting past the quartermaster at the gangplank, who called the mate.

A short time afterward, according to Cotton's story, the mate met him in the social hall. Just what happened after that is not clear from Cotton's story, and the tale of the mate is yet to be heard. Cotton left the ship, although he admits that he refused to do so upon the order of the mate. He says that he was carried off by the ankles and dumped on the wharf.

Today when he entered the marine ward at the San Pedro Hospital he had a compound fracture of the nose and severe bruises on the face that had been patched up temporarily at the Receiving Hospital at San Francisco before he left.

VIOLATED LABOR LAW?

Charging G. B. Lorber of the Venice Laundry with violating the eight-hour labor law, a complaint was filed by Deputy Labor Commissioner Henry Lyon before Justice Hanly yesterday.

The specific charge is that Mr. Lorber worked an employee, Addie Strawn, nine hours and forty-five minutes on a recent day. Mr. Lorber will be brought before Justice Hanly today for arraignment.

FEAR LOCK-JAW FROM WOUNDS.

Bits of Glass Endanger Life of Monrovia Man Hurt in Automobile Accident.

Herbert Barling, son of Mrs. Thomas Morris, No. 329 East Lemon avenue, Monrovia, was threatened with lock-jaw yesterday, but is now believed out of danger, following an operation at the Good Samaritan Hospital, where he was rushed in a desperate effort to save his life.

Tiny splinters of glass, lodged in Barling's hand when he was hurled through the windshield of an automobile in a Long Beach motor accident a month ago, caused the dangerous infection. In yesterday's operation the surgeons removed several minute particles that had escaped notice when the young man's wounded hand was first dressed. Barling is an insurance man.

JITNEY BUSES TAKE CREAM OF BUSINESS.

Councilman Thinks Companies that Contribute a Third of Paying Cost Deserve Protection from Competition of Concerns that Have Free Use of Streets.

"I think it very unfair," said Councilman Wright, when a petition was presented to the City Council yesterday asking that the Los Angeles Railway be not allowed an extension of time in which to do certain paving between its tracks and two feet on either side. The Councilman was not referring to the petition, but to the general principle of compelling street railways to pave one-third of streets along which their tracks run, while jitney buses, which take away so much of the companies' revenues, do not have to do any of the expense, but can freely use the streets toward the improving of which the companies are obliged to contribute so liberally.

Councilman Wright said afterward that he feels very strongly on this matter.

"The Los Angeles Railway is losing large sums every year, and yet we are increasing the burden on them of paving streets," he said. "The company operates on a franchise and a portion of its earnings goes to the city and we let these jitney buses run beside its cars and pick up the cream of the business."

"I think these buses are almost a menace to this city. A good many of the drivers are of vicious morals, they break the traffic laws, and their machines clutter up the streets. They are the cause of accidents and the cause of crime."

"It is quite proper that the people who have paved their streets should want the company to do its share of the paving. We should deal fairly with the street railway companies in the restriction of jitney buses."

REAL BULLET HOLES?

Surprise Witness in Murder Trial Gives Testimony That the Defense Attorney Shot Woman During Scuffle.

Miss Petra Ortiz was a surprise witness yesterday in the trial of Hilario Herrera, charged with the slaying of Mrs. Soledad Juarez. In the proceedings before Judge Nicol, sitting for Judge Craig, the young woman gave testimony purporting to show that alleged bullet holes in the walls of the house where Mrs. Juarez died are not genuine. Deputy District Attorney Hogan developed this testimony despite much opposition by the defense.

Detective Austin of the District Attorney's staff will probably be called this morning and questioned about the same line. The holes in the walls, ascribed to bullets, have a very important bearing on the case. The ground has been taken by the defense that they prove Mrs. Juarez could not have been shot only by accident.

The contention of the defense is the bullets flew by chance when Herrera and Juan Juarez, widower of the slain woman, scuffled for the revolver of a neighbor. Deputy District Attorney Hogan endeavored to bring out yesterday that Herrera was outside the house at the time of the shooting, and fled through the doorway.

Final arguments will probably be heard today, as the taking of testimony is about complete.

ON UNUSUAL CHARGE.

Mother of Man Alleged to Have Attempted to Bribe Own Assistant Given Hearing as Reason for Failure to Plead Action in Court.

H. S. Cogan, charged with attempting to bribe Obie Daniels, a negro who was recently convicted of assaulting the defendant with a deadly weapon, failed to appear before Superior Judge Nicol yesterday when his case was called. Mrs. J. E. Cogan, mother of the young man, informed the court that her son could not get here from Arizona owing to sickness, and showed a telegram from a physician to substantiate her claim. At the suggestion of Deputy District Attorney Selph, the case was continued for two weeks.

Cogan, with C. B. Anthony, his brother-in-law, are alleged to have approached Daniels and offered to leave the State and flee. Their disappearance would have made it impossible to try the negro for having slashed Cogan with a knife. Anthony recently pleaded guilty and was granted probation by Judge Craig.

MUST WAIT A YEAR FOR CONVENTION.

OSTEOPATHS GOING FIRST TO OHIO CAPITAL.

Delegates from Los Angeles Take Prominent Part in National Gathering at Kansas City—Give Clinics and Lectures on Subjects of Professional Interest.

The Los Angeles delegation of osteopathic physicians and surgeons who attended the national convention of osteopaths in Kansas City during the first week of this month, returned yesterday without bringing the annual gathering to this city next year, as they had hoped to do. It will go to Columbus, O. instead, but is promised for here the following year.

Dr. Harry Forbes, president of the Los Angeles College of Osteopathic Physicians and Surgeons, said yesterday the convention had gone on record for national preparation, woman's suffrage, and also opened the light to admit osteopathic physicians to positions in the army and navy, from which they are at present barred, he said. Dr. Forbes, with carry some shipments to the United Kingdom. Please give this matter all publicity possible, as applications for license must be made before August 25.

"JAMES D. PHELAN." Masters of ships must obtain the special license required for carrying to a British port any articles restricted by the war order.

Dr. W. V. Goodfellow gave a daily clinic on ear, nose and throat diseases and lectured on the latest developments of surgery in this direction. Following the convention, as well as before, the local medical work with the Mayo brothers at Rochester, Minn., and at St. Joseph's Hospital in Chicago, for the purpose of furthering the work of the Merrill Foundation, the local medical research institution of which he is one of the leading spirits.

Dr. E. S. Merrill, head of the foundation, delivered lectures on possibility of curing various phases of insanity and mental troubles by osteopathic means. He is still in the East, studying at the Boston Psychopathic Hospital and a number of other institutions. Dr. F. Lewis Cunningham participated in the convention. He passed several weeks in eastern institutions before the convention. Dr. J. Anderson Comstock and Dr. E. R. Jones were also members of the delegation.

Local Association Sends Two Delegates to National Convention at Omaha—Large Membership Here Already Has Won Notable Recognition.

B. H. Voegt, treasurer of the Associated Retail Credit Men of Los Angeles, will leave this afternoon for Omaha, where he will join H. Victor Wright, president of the association, and the two will represent the local credit men, as delegates to the annual convention of the National Retail Credit Men's Association, which will be in session the 21st, 22d, and 23rd inst.

Mr. Wright left for the East several days ago, and it is expected he will visit local credit associations in other cities. He is a member of the board of directors of the national association.

The Los Angeles association, though only four years old, has the largest membership of any in the national organization, and is expected to receive proportionate recognition from the convention. Mr. Voegt has been selected chairman of the resolutions committee, and endeavor to have the association represented in the affairs of the national body.

Pastor Takes as Bride Prominent Worker in Church Activities.

In the pretty little bungalow which they had built and furnished together at No. 3119 Hobart boulevard, the marriage of Rev. J. M. Smith, pastor of the First Christian Church, and Miss Edith Whittlesley, took place last night at 8 o'clock.

Both the bride and bridegroom are well known in this city, especially in the business circles. The bride has been prominently connected with the First Christian Church since her marriage. She is the daughter of Mr. and Mrs. J. M. Smith, who live at the Hobart boulevard address.

CHAUTAUQUAN MEET.

Speakers Give Pointers in Campaign for Raising Fund.

An interesting meeting was held yesterday at the Alexandria in connection with the campaign for the Chautauqua of the Pacific. An address was made by Dr. Norman Bridge, president of the Chautauqua Museum, who gave the team workers valuable suggestions for raising the desired sum of money for the Chautauqua fund and showed his interest in the enterprise further by making a donation himself.

Many questions were asked and answered and instructions for further work were given in a talk by Director M. L. Von Tornow. A goodly number of subscriptions was reported, the contributions ranging from \$100 to \$1000, and one subscription of \$5000 was turned in.

ENGLAND WILL ADMIT ORANGES.

Restriction Modified so that Ships May Be Licensed to Carry Fruit.

The British government has modified its restriction on the shipment of American oranges to England, but to obtain advantage of the modified order, application must be made before the 25th inst.

The matter was taken up by the Los Angeles Chamber of Commerce with United States Senator Phelan, who yesterday replied by wire as follows:

"With reference to the restrictions placed by the British government on oranges, the American Consul-General at London cabled the State Department, August 11. To representations that American oranges are seldom shipped in full cargo lots, the controller replies he is prepared to consider applications for ships to carry some shipments to the United Kingdom. Please give this matter all publicity possible, as applications for license must be made before August 25."

VETO IN CAUSE OF EFFICIENCY.

Mayor Against Ordinance to Stop Department Pay.

People Would Resent Such an Action, He Declares.

Battle Against Director not Ended, Say Opponents.

Expressing his opinion that the people of Los Angeles would resent any attempt to destroy the usefulness of the Municipal Efficiency Bureau, Mayor Sebastian yesterday vetoed the ordinance wiping out the salaries of the department, which ordinance the City Council passed last Thursday by a vote of five to four. In a message which will be read at the meeting of the Council this morning the Mayor says:

"Honored Members: I am returning herewith, without my approval, ordinance repealing ordinance No. 32982, an ordinance providing for the number of persons to be employed in the office of the Efficiency Commission and fixing their several compensations."

"The people of Los Angeles, desiring the utmost efficiency and economy in the city government, are heartily in favor of maintaining the Efficiency Bureau, and, in my opinion, will resent any attempt to destroy its usefulness."

Last week the Mayor vetoed the items in the budget for the efficiency department because provision for the salary of a director was not included. The Mayor said he has no desire to enter into the Burks controversy, but he feels the efficiency department must have a head.

Chairman Wheeler of the Council's Finance Committee said yesterday that, as there is no provision in the budget for the salaries of the efficiency department, the amount, \$13,100 in all, will have to be provided out of the general fund. The salary of the director is \$4000, and \$9100 is for assistants and clerk hire.

President DeKouski said the veto against Director Burks is by no means ended by the Mayor's veto, which was expected. He said: "They cannot get the money for the department out of the general fund; they have to have six votes to do that."

MAKES NO DEFENSE.

Was Desperate, so Forged Check, States Man in Court.

When Edward Summerfield appeared before Justice Summerfield yesterday for preliminary examination on a forgery charge, he put in no defense, declaring that lack of funds had forced him into a desperate state. He is charged with forging the name of Mrs. Martha de Turk to a check. Justice Summerfield held him for trial in the Superior Court and bail was fixed at \$1000.

Schafer recently created considerable excitement at the De Turk residence, No. 2610 East Twenty-sixth street, when he is alleged to have threatened Mrs. De Turk's life with a large stone.

PINCH HITTER

McCredie resorted to pinch hitting in the ninth. Great Gus was forced by Nixon, who had pitched Vaughn, battling for one out. Magrett, Mac then stepped into the pinch-hitting role and flied hit for Hagerman.

Before Sammis' tee Gans' strike to the plate it was disclosed that he had on a cap which displayed the name of the team. Desiring to start him on the right one of the other players loaned him a regulation cap.

Upland Power-house Burns Out and Attendant Is Rendered Unconscious by Short Circuit of Switch—He Will Recover.

LOCAL CORRESPONDENCE.
UPLAND, Aug. 17.—Awakened from sound sleep by a loud report at 7:15 this morning, after having been on duty all night, Frank R. Page, manager of the Pacific Electric power house at Twenty-fifth street, found Paul A. Jewell, assistant electrician, lying unconscious and bleeding at the mouth, and the power-house in flames.

HARBOR'S BUSINESS TAXES RAILROADS.

NEED EVERY CAR TO HANDLE BIG SHIPMENTS.

Steamers Discharge Unusually Heavy General Cargoes and Lumber Receipts are Greatly Increased—Southern Pacific Officials Make Tour of the Port.

The Southern Pacific is shipping an average of about 100 carloads of lumber and general cargo a day at Los Angeles Harbor. The rush of business following the end of the strike is unusually heavy. Not only is much general cargo coming in, but added to the normal lumber shipments are thousands of feet that had accumulated on the wharves.

HAMMER EACH OTHER.

Two Miners of San Gabriel Canyon Engage in Dispute and Fight Over Differences—One Appears in Court to Stand Trial.

ASAZA, Aug. 17.—

A reminder of the fighting days of mining camps came to Asaza today, when Deputy Sheriff Hamlin brought Joe Everhardy, a long-time miner of the San Gabriel Canyon, into Asaza to appear in the justice court on a charge of assault with a deadly weapon. The weapon was a man-sized hammer which A. G. Copp exhibited, together with a complaint that Everhardy assaulted him with it.

REDLANDS TAX RATE.
LOCAL CORRESPONDENCE.
REDLANDS, Aug. 17.—The City Trustees have fixed the tax rate at \$1.85, the same as it was last year and for several years. Despite the loss through the abolishment of the poll tax and through the operations of Amendment No. 1, the City Trustees have kept the tax rate lower than it was the most cities. This will give \$110,000 with which to run the city for the next twelve months. Of this about \$85,000 will go to the general fund. The budget adopted called for \$91,000 for this fund, but the difference will be made from revenue derived from other sources.

\$19.75 Will Buy Tailored Suits Formerly \$35.00 to \$45.00
Suits in every particular worthy the house from which they are sold; highly stylish in cut and in material; but remainders of summer stocks which must make room for incoming fall arrivals.
There are navy, black, navy-and-white stripes, black-and-white checks; in serges, and gabardines—materials that will be in strong demand for fall wear.
Coats are tailored or full flare; skirts plainly cut, with ample fullness to meet every style-requirement. There are, too, some combinations of cloth and taffeta, in navy; all at \$19.75.
(Garments: Second Floor)

More Drape Veils Here

Dame Fashion says that every girl should have a drape; in response to that demand we have the second express shipment here for the women who will want them.
Square veils in filet and hexagon meshes, with chiffon border; round circular veils, plain or with fancy borders; 1 1/4 to 2 yards long, in purple, rose, gold, Copen, navy, American Beauty, white, black, gray, taupe and brown; priced from \$1.50 to \$7.50.
(Veilings: Main Floor)

Any Summer Trimmed Hat Including All Sports Models \$1.95

A limited quantity of very handsome trimmed hats, left from the summer season, is offered now at this extremely low price, simply to make clearance complete. You will be able to find practically any style of headgear that is fashionable; including many of the chic English and American made sports hats, for which there will be continued demand during the fall; all at \$1.95.
(Millinery: Main Floor)

Rich Tub Silks Take Lower Prices

A great many women habitually purchase tub silks when they want a material that shall combine fine appearance with real durability. These are all qualities which will stand every test of wear and looks as well, and they are considerably reduced now because we have only limited quantities left.
82-inch Tub Crepe Suitings; were \$2, now **\$1.50**
82-inch Habutai Silks; were \$2, now **\$1.75**
82-inch Tub Silks; were \$1.25 and \$1, now **\$1 and 75c**

Silk Haitienne \$1.50

Here is a lovely new weave in silks; somewhat resembling a knitted or glove silk at a distance; like a thin faille at closer inspection, or a taffeta—neither too supple nor too stiff to work up into almost any style of dress or trimming.
All colors, white and ivory; and had we delayed purchasing it until today's market quotations we should have to ask \$2 a yard for it; we can sell present stocks, 35 inches wide, at **\$1.50**
(Silks: Broadway Annex)

\$4, \$5 and \$6 Spreads \$3.25 Drug Sundries

Fringed and hemmed spreads, in satin and real Marcellies; they are somewhat soiled from displaying on counters and in windows; so, a number of the \$4, \$5 and \$6 qualities will be on sale at **\$3.25**

News of Busy Activities of Other Candidates.

"California needs a business man in the United States Senate; not a professional politician. Southern California needs a representative in the United States Senate and that representative is going to be William H. Booth, the regular Republican candidate," declared Assemblyman Alfred L. Bartlett at a large and enthusiastic meeting held yesterday evening at the residence of Mrs. A. Gould, No. 1011 Magnolia avenue.

"Mr. Booth is the only Republican candidate running for the nomination for United States Senator; he is the only business man who is a candidate for that high office; he is the only candidate who has been elected to the California legislature, and he is the only candidate who can conscientiously work for the best interests of all of California," declared Assemblyman Bartlett.

Clara Shortridge Foltz, well-known woman attorney, civic worker and suffragist, urged that women voters of the State actively support Mr. Booth on the ground of his interest in the nation's suffrage movement and humanitarian measures.

A spirited mass meeting in honor of Mr. Booth was held last night at Stone's Hall, No. 2129 1/2 East First street. State Senator John W. Baird was the principal speaker.

This afternoon at the residence of Mrs. W. G. Hutchinson, No. 489 South Main street, a luncheon was given in honor of Mr. Booth.

NEW IN POLITICS.

An innovation in political meetings was the gathering of Republican men and women at the Little Theater, Frank Booth's pretty playhouse on South Figueroa street, last night, when a program of music, vocal and instrumental, and of dancing was given in connection with the political meeting.

The theater was well filled and the unusual affair was immensely enjoyed.

Attorney Frank Dominguez, who has known William Booth since their boyhood, spoke in his behalf. He declared that Booth's sterling qualifications in the United States Senate and pointed to the candidate's success in his private life as evidence of his ability to do for the people what he will do for the people when sent to Washington.

Mr. Dominguez claimed the administration of Governor Johnson, who is also a candidate, and said he has faith enough in the voters to believe that they will send a business man rather than a politician to the Senate.

George W. Prince, a Republican candidate for Congress in the Ninth District, who is Congressman from Illinois for sixteen years, made a forceful address. He gave a resume of his life and career, and declared that a man who has served so long in Congress would have a better sense of the people than any man who has not.

Charles Kerr, candidate for the Assembly in the Eleventh District, told the audience he hopes to work for the public with the same zeal that he has marked his own business career.

The entertainers included Miss Alice Carro, violinist; Miss Nina Belden, vocal soloist; and Eugene Douglas, vocal soloist, all of William Rudolph's Cafe, McWilliams, Baldwin and Stedall, singers of Harborway, and a quartet of four remarkable vocal culture, and Miss Curly Englar, dancer, both of Mr. Englar's dramatic company.

The performance was enthusiastically applauded. Doc Whitehead was the chairman.

Need Campaign Funds.

The Republican 1918 Campaign Finance Committee has taken up the work of raising money to finance the campaign. The committee is in connection with the reception and entertainment of Charles Evans Hughes. In a statement issued yesterday it said:

A protective tariff is so essential to the welfare of California that every citizen should study the tariff to the limit of his ability, in order that we may have a Republican Congress to support a Republican President.

For example, last year the lemon growers of Southern California, under the Democratic tariff, shipped their products to market, and realized practically no return for their labor. In some cases a deficiency was shown. This year, under the same tariff, the lemon growers of California are unable to ship their lemons in large quantities. The result is Southern California farmers are receiving a fair return for their citrus fruits.

The Finance Committee fully realizes the difficulties attending its work, and asks your cordial personal co-operation and assistance. We must have funds at once to finance the expenses incident to the visit of our candidate, Charles E. Hughes, and therefore urgently request that you give this very important matter serious consideration and subscribe as liberally as possible.

Checks should be made payable to Motley H. Flint, 312 Trust and Savings Building.

Luncheon for Women.

Four Republican candidates will be heard by the members of the Women's Republican League at their regular weekly luncheon held today at the Broadway Department Store grill. Mrs. R. W. Richardson, president, yesterday extended a special invitation to all women who are interested in the election of Republicans at the primary election.

Makes Three Addresses.

Capt. Henry Z. Osborne, Republican candidate for Congress from the Tenth District, was the speaker at three widely different locations in the city in the night. His first meeting was at Eightieth street and Vermont avenue, at Haskell Hall, as the guest of the South Vermont Republican Club. He addressed another gathering of voters at Manual Arts High School and the third meeting was at the Fourteenth street school. A meeting was also held in the interest of Capt. Osborne yesterday afternoon at the residence of

QUARTERS NEAR BROTHER'S CELL.

Relative of "Skylight Burglar" Is Arrested in House Adj. to City Jail.

In arresting what he considered a suspicious character wandering about the halls of the Arizona rooming-house, No. 219 West First street, whose walls adjoin the prison chambers of the City Jail, police Lieutenant William Matunkiwis late night discovered he had rearrested W. H. L. Morgan, brother of the confessed skylight burglar, John E. Morgan. W. H. L. Morgan was arrested with his brother a week ago on a suspicion, but released a day later. He denied last night he was considering a jail-break with his brother. He said he had been living at the rooming-house for two nights.

Several days ago the jailers discovered that John E. Morgan had a key to a bar of his cell, apparently latent upon making a break for liberty. W. H. L. Morgan was lodged in the City Jail last night, held as a suspicious prowler.

Later the police found a heavy screw driver and three small saws in a box in which Morgan had been found. The prisoner had been placed in a cell near his brother. He was brought down and questioned. While downstairs a jailer found three pieces of sharpened lead and a small saw lying on the floor.

Mrs. Buckner, No. 218 North Burlington avenue, Capt. Osborne is to be a guest of the Pioneer Printers at Sycamore Grove next Sunday.

Abolish the Demurrer.

Walter W. Middlecott, candidate for Superior Judge, spoke yesterday before the City Club, along with other nonpartisan candidates. He is emphasizing his slogan, "Put common sense into the methods of the court." He favors abolishing the demurrer, which has been abolished in England for forty years and other measures to simplify the judicial system of procedure.

Writ of Mandate.

Attorney M. O. Graves of Whittier brought mandamus proceedings against Registrar of Voters McAleer yesterday to compel the official to place Mr. Graves' name on the ballot as candidate for Assemblyman in the Sixth-eighth Assembly District. He declares his nominating petition contained a sufficient number of signatures, but the registrar threatens to leave his name off the ballot.

Democratic Meeting.

The weekly meeting of the Women's Democratic League, at Christopher's this evening at 8:30 o'clock, will be addressed by Curtis E. Bick and Miss Mary Foy. Miss Foy will speak about the activities of the Women's Congressional Union, an organization which is actively campaigning in the suffrage States against President Wilson.

Yesterday afternoon Dr. W. G. Scott addressed a large meeting of women at the Democratic county headquarters, No. 726 South Spring street, on the Mexican situation.

Outspoken.

JOHNSON BRANDED JUGGLER OF JOBS.

FORMER MINISTER TO BOLIVIA SCORES CHICANERY.

Elites Applauds of Beach Audience When He Declares Governor Is Trying to Wreck Away the South's Rightful Representation in the Senate.

Branding Gov. Hiram Johnson as a political mountebank who is juggling four offices at once—the office of Governor, United States Senator, Lieutenant-Governor and Congressman—Hon. John F. Stutesman, former United States Minister to Bolivia, delivered a ringing and eloquent address to a good-sized audience at the Long Beach Auditorium last evening.

Mr. Stutesman's remarks elicited frequent applause and his scathing arraignment of the Johnson administration and of the selfish ambition of the Governor in trying to wreck from the south a representation in the United States Senate that belongs to it geographically and logically called forth a remarkable demonstration.

Mr. Stutesman denounced William D. Stephens for laying down his Congressional office and leaving his district without a representative in Congress. That Mr. Stephens put aside his portfolio in Washington to come back to Southern California at the command of one who has taken him into the high mountains and shown him \$40,000 per annum instead of \$15,000 per annum was the speaker's scornful reference to the Johnson-Stephens dicker.

The contrast of Gen. Harrison Gray Otis and his magnificent newspaper, the Los Angeles Times, is the best advertisement Southern California has ever had, he said.

"They have ever preached the doctrine of clean and capable government, and have ceaselessly fought the chaotic horde of anarchy that are such a menace in San Francisco."

Speaking of Willis H. Booth's qualifications for United States Senator, Mr. Stutesman said that his Republicanism is undisputed and undiluted.

In his sarcastic reference to the Wilson administration, Mr. Stutesman stated it has been characterized by "watchful waiting and vacuous vacillation. In this policy of watchful waiting President Wilson resembles an hour glass. The longer he waits the less sand he seems to have," said Mr. Stutesman.

Attorney John H. Daly was chairman of the meeting.

HEARING ON BORE FOR FIFTH STREET.

COUNCIL EXPECTED TO SET A DATE TODAY.

Proposed New Bunker Hill Tunnel will Cost About Three Hundred and Fifty Thousand Dollars. Lower Grade Between Olive and Grand and Out Through.

Approval of the map of the proposed assessment district to pay the cost of building a tunnel through Bunker Hill at Fifth street having been given by the Public Works Committee yesterday, the City Council is today expected to call a hearing on the question of its adoption. It is estimated the tunnel will cost \$350,000.

The assessment district is to be limited on the north, so as not to connect with the proposed Second-street tunnel. The plan is to lower the grade of Fifth street between Olive street and Grand avenue, cut through the old Normal School site and open up closed blocks west of Bunker Hill.

TO HOLD RE-CHECK ON HOLLYWOOD STOPS.

At the request of the Hollywood Board of Trade, the Board of Public Utilities yesterday decided to make another check of the number of people who use the stops at Bronson avenue and Hollywood on the Pacific Electric Railway's Colegrove line. Both stops cannot be maintained and the board wants to accommodate the greatest number of people.

The Pacific Electric will restore the Bronson-avenue stop today, and both stops will be made until such time as the board orders one to be discontinued. Representatives of the city, the Pacific Electric and the Board of Trade and the Pacific Electric were present at the rehearing of the matter, together with residents of the district.

President Fulton Lane said if it is found more people use the Bronson-avenue stop, it will be ordered to be maintained. If more get on and off at the cemetery the stop will be discontinued. He said that no attempt be made to induce people who are accustomed to get off at other stops to use the Bronson-avenue stop.

Banning Agreement Ready.

The agreement whereby the city will obtain title to the Mormon Island peninsula and the Banning interests will be given a thirty-year lease to the city, was signed at the meeting of the Harbor Commission today. One or two minor changes were made yesterday after a conference between President Woodman of the commission and representatives of the Bannings.

Paving Inquiry.

The Board of Public Works inquired yesterday into a charge that the macadam pavement being laid on Malabar street from Evergreen avenue to east of Fresno street, is not being constructed according to the specifications. The contractor said the materials called for in the specifications will not permit him to complete the work in a satisfactory manner. The committee will recommend that he be allowed to oil the surface of the street and fill it with screenings.

City Hall Notes.

An ordinance adopted by the City Council yesterday changes the title of assistant Chief of Police to first deputy.

The Finance Committee of the City Council yesterday authorized the appointment of six additional detectives. The six men on the eligible list are Sgt. S. A. Hickok and Patrolmen Walter Wood, R. L. Shy, W. H. Ingram, W. E. Murphy and J. W. Cline.

Bronson-avenue residents expect to file with the Council today a petition asking that the paving work on the street be held up for an investigation into charges that specifications are not being observed in the use of materials.

Five ordinances for paving streets were adopted by the Council yesterday, namely, for improvement of Vista street from Hollywood street to Tenth street, for improvement of Vista street from Tenth street to Tenth street, for improvement of Vista street from Tenth street to Tenth street, for improvement of Vista street from Tenth street to Tenth street, for improvement of Vista street from Tenth street to Tenth street.

The City Council yesterday granted George L. C. Morris, a friend, is bequeathed the automobile and plane of Miss Adams. The six nieces received each silver spoons and tea sets. The residue of the estate is given to Robert L. Adams, a brother of Takemah, Neb. One-sixth goes to Gertrude B. Williams, a niece; one-sixth to Elizabeth Beard, a niece; one-twentieth to Ruth M. Sidney, a niece, and one-twelfth to Nellie C. Preston, a niece.

NOTHING FOR NEPHEWS.

Nieces and Grand Nieces of Late Miss Sarah E. Adams are Liberally Provided for in Will, but Male Relatives are Cut off Completely.

The nieces and grand nieces of the late Miss Sarah E. Adams, who died at Honolulu on the 3rd inst., fared well with gifts in her will, filed for probate yesterday, but her nephews were cut off from participation in the estate, the value of which was not given. The will states the estate is in excess of \$10,000.

Annie L. Morrison, a friend, is bequeathed the automobile and plane of Miss Adams. The six nieces received each silver spoons and tea sets. The residue of the estate is given to Robert L. Adams, a brother of Takemah, Neb. One-sixth goes to Gertrude B. Williams, a niece; one-sixth to Elizabeth Beard, a niece; one-twentieth to Ruth M. Sidney, a niece, and one-twelfth to Nellie C. Preston, a niece.

ADMITTS IN COURT FAILURE TO SUPPLY LARDER.

Cabaret Entertainer's Winged Feet Win Los Angeles Bride but His Indifference to Her Substantial Needs Starves Affections and Causes His Arrest at Fresno.

Francis Sheehan is an excellent dancer but, according to his wife, he is a very poor provider. He yesterday admitted to Superior Judge Craig that he had failed to supply Mrs. Sheehan with the principal necessities of life after leaving Los Angeles. Sheehan was arrested in Fresno, where he was doing cabaret work in a cafe, and was brought here. The court, after hearing his plea of guilty, gave him permission to enter a plea for probation, which will be decided next Thursday.

Mrs. Sheehan, who was formerly Miss Frances Teeple, daughter of Frederick Teeple, secretary of the Los Angeles Golf Club, met her husband at a private social event at Venice last summer, and his dancing infatuated her. Shortly after this she consented to becoming Mrs. Sheehan, but the marriage resulted in early quarrels and a separation. When the divorce was granted, Mrs. Sheehan was better off than her husband, who had lost his job and his home.

She claims that her husband knocked her down, pulled out her hair, choked her, bruised her face and body and ripped her clothing.

SMART WILL. A picture of the Lord's Supper worked by herself was bequeathed by Margaret Smart to her brother, Allison Conqueror; cash in bank was given in equal shares to her adopted daughter, Mrs. F. J. Wall, and a niece, Gertrude Conqueror of Peoria; the pictures and furniture of the home at No. 225 West Avenue Sixty were bequeathed to the adopted daughter. The estate is valued at \$10,000. Mrs. Smart died on the 5th inst. The petition for the probate of the will was filed yesterday by F. J. Wall, who is named executor.

DEMANDS WATER FOR LAND DEVELOPMENT.

SUIT BROUGHT IN FEDERAL DISTRICT COURT.

Rancher Asks that State Railroad Board be Directed to Force Tujunga Company to Keep Contract with Purchasers of Hansen Heights Property.

F. Hammond, owner of a ranch at Hansen Heights, filed suit in the United States District Court yesterday, through his attorney, James Donovan, against the Tujunga Water and Power Company, to compel that corporation to furnish water for his property for irrigation purposes, in accordance with a contract which he alleges was made with the company at the time the land was purchased, in 1908.

Mr. Donovan also obtained an order from Judge Blodgett directing the State Railroad Commission to show cause why a writ of mandamus should not be issued against the members of the commission to force the Tujunga Water and Power Company to supply water for Mr. Hammond's ranch.

It is alleged in the complaint against the Tujunga company that the property owners of Hansen Heights and Tujunga terrace have sustained heavy losses this year because they have not been able to obtain water for the agricultural development of the property.

It is alleged that Mr. Hammond purchased forty-seven acres of land from the Tujunga company after that corporation had agreed to complete construction work of suitable dams, reservoirs and a piping system for the purpose of supplying water for his property.

Mr. Donovan stated yesterday that the officials of the Tujunga company have failed to comply with the terms of their contract with his client, despite the decisions directed against them this year by the State Railroad Commission.

Mr. Hammond further alleges that since he purchased his land from the Tujunga company he has spent more than \$4000 for improvements on the property, which cannot be developed without a sufficient supply of water.

While the exodus to eastern schools is a yearly phenomenon in Southern California, nothing more ambitious than a special-car party of "buds" has yet been attempted. In such cases railway passenger officials and their wives have at times headed the chaperones and accompanied the misses right through to the Atlantic Coast, as in the case of a special party carried by the Salt Lake road last fall.

REDMEN'S CHIEF COMING.

Great Inchoance will be Guest of Local Tribes and Address Meeting Tonight—Comes from Meeting of Great Council at Eureka.

Hon. Frederick O. Downes of Boston, Great Inchoance of the Improved Order of Redmen, will arrive on the Lark this morning at 8:15 o'clock. He will be met by a delegation of the local tribes of Redmen, who will entertain him and Mrs. Downes during the day.

Mr. Downes has just returned from Eureka, where he attended the session of the Great Council of California. He will address a gathering of Redmen of Southern California, at Redmen's Hall No. 2171 South Hill street this evening at 8:00 o'clock.

The subject of Mr. Downes' address will be the history and progress of the order, which is one of the oldest fraternal organizations in the United States, having been founded in 1783, the original purpose being to create sentiment for the organizing of the colonies into an independent government, free from Great Britain.

The organization has 5000 branches and 479,022 members.

A Necessity in Epidemic

In every hospital, everywhere, there is all the time a sufficient number of contagious disease cases to cause a nation-wide epidemic if contagion ever got beyond hospital walls.

But it cannot.

The safest haven from disease is right in a hospital where you would be surrounded by it.

Why? Because hospitals are made germ-proof through disinfection.

Nearly every hospital in the country relies upon Lysol to kill disease germs. All doctors recommend it for the same purpose.

Follow their lead, protect your family and yourself by making your home germ-proof.

Get a bottle of Lysol today, use it often in garbage cans, cesspools, drains, sinks, toilets and everywhere that flies or insects gather or breed. Full directions accompany every bottle.
